LEVENSON AND THE NEGROES HELD IN \$13,000 EACH.

Other Arrests Are Expected and the Investigation is Far From Ended

The Grand Jury of which John D.

District Attorney James Bronson Reynolds, after some remarkable detective work on the part of two young women, bought, for the purpose of obtaining evidence, two girls from Levinson and two from Belle Moore. Aleck Anderprinces interest in all that went on the many two from Belle Moore. and two from Beile Moore. Aleck Anderson had a part in one of the transactions. A lawyer who represented the prisoners argued that all the District Attorney had against his clients was that they were interested in disorderly houses and that the District Attorney had taken the stories of inmates of the houses for evidence against the prisoners. Mr. Press assured Magistrate Breen that the evidence to be presented was secured from persons of high repute.

Magistrate committed the three to the Tombs in default of \$15,000 bail

dence and because it will be used in other presecutions, neither District Attorney Whitman nor Assistant District Attorney Press would amplify information already given out from the District Attorney's office concerning the unusual methods. office concerning the unusual methods has thrown open its doors to me and by which the cases against Levinson, to the members of my suite, and nothing has been left undone for our comfort and by which the cases against Levinson, Beile Moore and Alex Anderson were worked up. The two young women, of one a graduate of Radcliffe College, the other of Smith, who were of such assistance to District Attorney Whitman uncovered a state of affairs which proved the assertions made during the last campaign that there was an organized traffic in girls, of which New York was the centre and headquarters.

the centre and headquarters.

It was said yesterday at the District
Attorney's office that although magazine
articles and newspaper stories which
had been published on the subject were naccurate in many details, and possibly not easy to substantiate in all particulars nevertheless the real conditions that existed were about as black as the writers

when the Grand Jury was named to A TURNDOWN FOR MARSHALL. when the Grand Jury was named to investigate the "white slave" industry and John D. Rockefeller was selected as foreman there was a good deal of scepticism manifested. Many persons were unwilling to believe that the "trade" was organized or that young girls could be bought like drinks in a blind tiger. The preliminary work of the Grand Jury was not successful. Mr. Rockefeller and his associates found it almost impossible to collect first hand evidence by using

smelves with men and women, keeper disorderly houses, persons who knew the the was dealers in New York were, and at no time were they suspected of being spies.

About a month ago they returned from the West and took rooms in a section of the Tenderloin where the traffic flourishes. They had credentials from their Western acquaintances. They let it be known to acquaintances and they ran affairs and all the rest of the resolution as blue pencilled by the chairman.

The Taggart men refused to go further the club's membership book making the club's membership book making the club's membership book and two telephones. The place raided by Inspector Daly occupied the upper floors of a left building Detectives Denise and Gillen of the inspector's staff got the evidence on which Magistrate Breen gave them twelve warrants. The inspector had to force warrants. The inspector had to force the got into the various to acquaintance of the club's membership book making the club's membership book and two telephones. The place raided by Inspector Staff got the evidence on which Magistrate Breen gave them twelve warrants. The inspector had to force the got into the various to acquaintance and the club's membership book are closed to acquaintance and the club's membership book and two telephones after the club's membership book are club, and the club and the club's membership book are closed to acquaintance and the club and the club and the club and the club

office the first actual purchases of girls were made from Levinson on the East Side. The business took some dickering. Finally he brought forward two girls, both under is, and sold them for \$200 apiece. The women detectives turned the girls over to the District Attorney, who the girls over to the District Attorney, who put them in a safe place, and went out to buy more. This time they made a bargain with the negro woman Belle Moore of 348 West Forty-first street. Belle Moore has been described as a leader in the 'black and tan' trade. She is charged with supplying white girls to negroes as well as to white men. From this woman the two detectives bought two girls. According to the evidence in District Attorney Whitman's possession Anderson was called in by Belle Moore as a gobetween in the deal. between in the deal

Grand Jury will report to Judge O'Sullivan to-morrow, and it is expected that a bunch of indictments will be handed down against dealers. It was said around the Criminal Courts Building yesterday that more arrests will be made within the

next day or two.
Commissioner Herman Robinson of the Department of Licenses said in his annual report, which was issued in his annual report, which was issued yesterday, that there were no grounds for the impression that the employment agencies were responsible for the white slave traffic. This part of his report was meant as a reply to a stutement made in a magazine article which asserted on the authority of the Winner's Municipal League. ity of the Women's Municipal League that it was through the East Side employ-ment agencies that the disorderly houses mostly obtained their inmates. Commis-Robinson denies this in his re-

Port. He says:
The head of the principal association of employment agencies in the city en-deavored for two months to have the Women's Municipal League produce any evidence whatever to sub-tantiate its

evidence whatever to sub-tantiate its charge, but the result was what might have been expected silence.

The fact is that the employment agencies of the East Side send thousands of girls to places every day. Not one in on of these girls is sent to a place that as not per actly proper and respectable. Occasionally an agency may send a girl as a servant to a hotel that is not just right or a runner may deceive the agent or the girl he is taking out as a servant as to the character of the place to which

## Physicians Say the Baseball Magnate Cannot Live 30 Days

SAN ANTONIO, Tex. April 30 - Physiians in attendance on John T. Brush, who has been ill here for nearly two months, to-day informed the owner of the New York Giants that he could not possibly live more than thirty days and he received when he fell in the ring last language of cats and this one is uttering advised him to make preparations for the coming end

ing worse and now all hope of his ultimate precovery is given up. Mrs. Brush and her daughter have been constantly at the

There is an undeniable tendency on the part of New York men nowadays to cling TWO POLICE INSPECTORS 60 to their hats much more insistently than

> "I was reconciled to having men keep on their hats in the elevators of the down town office buildings," said a New York woman who now lives in London but makes several trips a year here on account of business, "as it is taken for granted that they are as much out of doors as the halls. On the other hand it is new to me to see

A West Side matron proudly exhibited

the top floor of a two story building at caller. It was an intricate looking affair, resembling a gum machine more than it Inspector Daly, who commands the did a door latch. "You turn this," ex-Second inspection district, which includes plained the woman, pointing to a tiny the Fulton street station, raided the knob inside the door, "and you have fixed upper floors of a building at 122 West the bolt so it can't be shot back with the street, at the southeast corner of Dey street, at about the same time. In both cases great pains were taken not to discussed a coin in the slot outside. The only piece of money that will fit is a five dollar gold piece. The idea is my own. A locksmith downtown worked out the mechanical part of it for me. Every

> Persons who go to funerals in hired oaches no doubt would be elated if they could know how often they are sur ounded by remnants of aristocracy.

"I sometimes wish it were possible to label my coaches with the names of former owners," said a liveryman. "They don't look very stylish now, but they were swell turnouts in their day. travelled in aristocratic circles too families that wish to dispose of old car-riages prefer to sell to a liveryman for funeral purposes and the prefers to buy from big families

"Certainly things are progressing," said householder. "Men around yesterday and from the Hudson Terminal building from the gas company asking if there went up the stairs to the second floor. was anything the matter with our gas range. We hadn't sent for them, you understand; they just came around on a house to house canvass to see if there was anything that needed doing and to do it if there was: to put the range in the best possible working condition. Fine business this; looks like trying to please enlightenment on the part of warrants. They turned the warrants service corporations showing a desire over to Inspector Russell and went down to get acquainted with and to deal fair to be in the room when the raiding party with those with whom they hold relations Certainly things are progressing

> strikes me hardest after an absence of two years? It is," this man from the West went on, "Fourth avenue. The last time I was here I stopped at the good old Everett House, and now on that corner there's a twelve or fourteen story loft building. Then Fourth avenue was a fine, broad thoroughfare, with business on it, but still delightfully calm and tranquil compared with Broadway, only a block away, and the buildings there were mostly of the good old fashioned three or four story variety. Now you go around the corner from Union Source and look porth and you see build. Square and look north and you see buildings of twelve, fourteen, eighteen stories already up and you hear the clatter of riveting hammers where they're building more, and the street is lively with traffic, and property here, they tell me

The young women studied out a plan of campaign. They went West (the District Attorney's office won't say what cities in the West they visited) and familiarized themselves with red light districts in the cities they visited. They formed acquaint anceships with men and women, keepers of disorderly houses, persons who knew who the white slave dealers in New York were, and at no time were they suspected of being spies.

About a month ago they returned from the West and took rooms in a section of the men and took rooms in a section of the command that the discovering racing she and thou warned those in the building to keep quiet and to make no effort to destroy and they warned those in the noise was heard to make no effort to destroy and they warned those in the building to keep quiet and to make no effort to destroy and they warned those in the building to destroying racing she and thought of the effort of the same of the early want to undergo and they warned those in the building to destroying racing she and thou warned those in the building to destroying racing she and they warned those in the building to destroying racing she and thought of the party and funding to its indentity when the noise was heard to make no effort to destroy and they warned those in the building to destroying racing she and thought of the party and funding to the party and funding to the proposed if the committee opposed if, two spoke for it and they warned those in the building to destroying racing she and thought of the party and funding to the destroying racing she and thought of the party and funding to the destroy and the noise was heard in the building to anything. They kept one man from discussion. The resolution as drafted and they warned those in the building to anything. They kept one man from discussion. The resolution as drafted and they warned those in the building to anything. They kept one man from discussion. The resolution as drafted by anything. They kept one in the building to anything. They kept one man from discussion ny floor I have to segregate a pursue my course onward up the y leading to the family circle; from the balcony the way up is not so far, and at least I have had the pleasure of coming in with those who sit below."
